TABLEWARE

CHEESE & WINE

Being able to offer an attractive cheese and wine menu can be incredibly beneficial. Customers might be looking for a lighter option, something to share with friends, or even an alternative to a dessert and a cheese board is just that. Having a cheese and wine option on a menu will often encourage a customer to spend more throughout an evening.

Coffee & tea

With more businesses serving hot drinks than ever before, investing in tableware that is distinctive will make sure you stand out from the crowd. Stunning tableware will not only frame your hot drinks perfectly, but they will help to ensure you have returning, regular customers. With green tea and herbal teas increasing in popularity, why not serve your tea using an infuser, not only does it look good, but it will help upsell drinks well.
